

CRYL-A-CLEAN

DESCRIPTION

CRYL-A-CLEAN is an inhibited methyl methacrylate (MMA) monomer based cleaner. This material cannot be thinned with solvents.

BENEFITS

When properly used to clean tools, CRYL-A-CLEAN will not effect the cure of the material, as other solvents will.

TYPICAL USES

CRYL-A-CLEAN is used to clean tools on the job site and/or to clean an existing CRYL-A-FLEX floor prior to a recoat. CRYL-A-CLEAN must be used to clean tools when installing cove. Do not use to thin any CRYL-A-FLEX resin.

PACKAGING & STORAGE CONDITIONS

CRYL-A-CLEAN is available in 1-gallon (3.8 liter) cans, 5-gallon (19 liter) pails and 50-gallon (190 liter) drums.

Store in a cool and dry place below 85F (30 C), out of direct sunlight. Do not store near open flame or food. The shelf life is 12 months from ship date in the original unopened container.

TECHNICAL DATA

CRYL-A-CLEAN is part of a wide range of repair and wearing materials supplied by DUR-A-FLEX. If further information on this or any of our products is required, please contact our Technical Department.

CAUTION

CRYL-A-CLEAN is classified as a flammable liquid. Smoking, open flames and sparks should not be permitted during the handling of the product. Workers should wear protective clothing consisting of splash-proof goggles, impermeable gloves and, where exposure limits are exceeded, an organic vapor respirator should be used. Adequate cross ventilation should be provided. If necessary, explosion proof fans may be required. **Follow the Hazardous Materials Identification System labeling guide for proper personal protective equipment to use when handling this product. Use only as directed. KEEP OUT OF REACH OF CHILDREN.**

Before using any DUR-A-FLEX, Inc. product, be sure the Material Safety Data Sheet is read and understood.
